

## School Presentations

Marysville Fire is committed to getting the message of fire safety out to our community's youth. The Fire Departments hosts many of the areas schools for station tours throughout the school year. During these tours, besides getting to see the inside of the fire house and look through all of the fire engines, students also learn fire safety information including: how to get out during a fire, what to do if their clothing catches on fire, when to call 911, and basic kitchen safety.
