The Marysville City Council, at its meeting of July 28, 2020 unanimously gave direction to its staff to engage a consultant for the purpose of providing a list of names of persons qualified to serve as Interim City Manager. The Council hopes to make an appointment of an Interim City Manager in the near future. The Interim City Manager would then assist the Council with the selection of the permanent City Manager, in addition to providing day-to-day administrative support to the City until this appointment takes place.
