

# CITY OF MARYSVILLE

## Help Plan Improvements to Your City Parks

**The City of Marysville invites you to a Community Open House to tell us what improvements you would like to see at Gavin Park, Miner Park, and Veterans Park.**

The City of Marysville is applying for three grants to improve Gavin Park, Miner Park, and Veterans Park through the Statewide Park Program. This program receives funding from the recently passed Prop 68 and gives grants for park projects in communities like Marysville.

Share your ideas and help redesign your parks by attending this Open House, hosted by the City of Marysville Community Development and Services Department.

**When:** Thursday, June 20, 2019  
4:00 – 6:00 pm  
Drop in anytime

**Where:** Miner Park  
1449 Swezy St, Marysville

The Open House will include fun activities to help us understand what you want to see at your parks, an opportunity to share your comments, and staff who can answer your questions. Please stop by any time, even if only for a few minutes. Everyone is welcome, including children, so come out and enjoy an evening at the park. We want to hear from you!
